

CIPHERLAB SERVICE ADVANTAGE

ENSURE OUTSTANDING SATISFACTION

Having a reliable product during your business operation is vital to your business success. With versatile CipherLab devices keeping your business running efficiently, it is important to be prepared for the possibilities of needing repairs. It is always advantageous to have a dependable and swift way to repair your device when needed. CipherLab has specifically constructed a service program, CipherLab Service Advantage, for you to minimize downtime and reduce total cost of ownership for CipherLab's devices. CipherLab Service Advantage will keep your business running smoothly and securely protect your investments in our high functional products.

Protection against Unexpected Repair Cost

CipherLab's experienced technicians will provide all services for the repairs to restore your devices back to normal condition. CipherLab devices are undoubtedly rugged, but they are still vulnerable to some damages from occasional accidents. Our comprehensive warranty will satisfactorily provide a complete coverage for accidental breakage along with normal wear and tear. It makes no difference the reasons for the damages. Our service is here to fully repair your devices back to normal and continue to offer maximum productivity. Your devices are ultimately fully protected and free from additional and unexpected repair costs¹.

Multi-year Service Options

CipherLab provides warranty options in standard, extended and comprehensive warranties with protections up to 5 years in total. You may select to extend warranty any-time before the standard warranty expires. Alternatively, you can always secure your investments by purchasing the 3 year or 5 year comprehensive warranty.

Fast Turnaround Time

By having CipherLab's comprehensive warranty, your defective products will be serviced and shipped back under a fast turnaround time. Your products are tested and repaired quickly and effectively, which minimizes your downtime cost. Under the comprehensive warranty, you can get your business on track in a speedy and reliable fashion.

Value-added Maintenance

CipherLab provides firmware upgrades during the repairing process at no additional cost, ensuring devices are fully working and updated. With the most updated firmware, the devices will be able to work at the best and most reliable condition.

Online RMA

CipherLab also provides a quick-response online RMA platform. As a customer under our warranty, you may access the online RMA conveniently from anywhere to initiate and manage service request for your equipment.

Reduce Total Cost of Ownership

The units under CipherLab's service program are serviced and returned under a rapid timetable which gives you a reliable way of eliminating downtime and failure expenses. You benefit more than just instant gratification, but also reducing cost of maintenances and replacements in the long run.

CipherLab Service Advantage Warranty Policy

1 Standard Warranty

1.1 CipherLab warrants the products to be:

- (1) free from defects in material and workmanship under normal use and service for a period of time, which varies by product categories (Appendix I), from the date when the products are shipped out of CipherLab to Buyer;
- (2) conformed with CipherLab environmental specifications on the brochure and operation details on the user manual. Once the products are sold and delivered, CipherLab has no obligation to modify or update the products. The latest firmware update service will be provided only to Buyer at the time of repair after CipherLab receives Buyer's confirmation.

1.2 The defective product must be operated within its environmental specifications that CipherLab can honor the warranty service.

1.3 CipherLab's obligation for defective product shall be limited to repair or replace (at CipherLab's sole option) the defective product free of charge in case CipherLab determines the defective product failed due to defects in material and workmanship.

1.4 The defective product will be serviced and shipped back within 7 (seven) working business days after the defective product is received by CipherLab service center.

1.5 The actual service time may be subject to extension in case of force majeure events or other restrictions as described below:

- (1) The aforementioned working business days are exclusive of the transportation time between a CipherLab service center and Buyer.
- (2) Any repair incident when a service charge is incurred will be quoted to Buyer for acceptance and confirmation. The time it takes to receive the confirmation is exclusive of the aforementioned working business days. If CipherLab does not receive any confirmation from Buyer within 30 (thirty) days, CipherLab will notice Buyer and then return the defective product back to Buyer directly without repair.
- (3) In case that no defect is found (N.D.F.), CipherLab will report to Buyer to have further verification. The time associated with the verification is exclusive of the aforementioned working business days.
- (4) In some cases, additional test will be required to ensure the product functions properly. The time consumed to complete the test is exclusive of the aforementioned working business days, either.
- (5) The actual turnaround time is subject to available capacity when a returned batch for repair consists of 15 pieces and beyond within 7 days sequentially. CipherLab will inform Buyer of the required time in advance in case the actual turnaround time will exceed the aforementioned working business days.
- (6) Expeditious service may be available for extra charges which is a separate agreement out of this warranty policy.

- 1.6 Buyer is responsible for shipment of returning the defective product back to CipherLab service center and bears all costs and risks associated with this transportation. Buyer is responsible for software, configurations and data backup before the defective product is returned. CipherLab does not guarantee for keeping software, configuration and data during the maintenance. CipherLab is responsible for shipment of returning the repaired product back to Buyer and only bears freight charges with this transportation.
- 1.7 In case CipherLab determines there is no defect (“No Defect Found”) or CipherLab does not receive confirmation from Buyer for any service charge quotation, CipherLab shall charge Buyer for return shipment, a minimum repair fee for product examination. In such case, Buyer shall bear all costs and risks associated with the transportation.
- 1.8 In these warranty policy, “repair” shall mean the repair or adjustment of the defective product to remedy the defect defined by this warranty and restore the defective product to normal operating condition; and “replace” shall mean CipherLab may replace the defective product with the same construction or equivalent of the original one.
- 1.9 CipherLab may use new or refurbished parts to repair or replace at CipherLab’s option. Any part or product replaced from the defective product shall belong to CipherLab.
- 1.10 Repair and/or replacement of a product shall not extend the original applicable warranty period.
- 1.11 Buyer may be required to provide CipherLab with evidence of the original purchase information in order to confirm product’s warranty status.

2 Exemption from Warranty

- 2.1 The warranty terms stated in Clause 1 of this warranty policy shall not apply to the following cases. CipherLab reserves the right to judge and confirm the following cases.
 - (1) The defective product which, in CipherLab’s sole judgment, has been subject to misuse, abuse, neglect, or improper installation or maintenance, unauthorized repair or installation, modifications or alterations of the product;
 - (2) Parts, materials or equipment not manufactured by CipherLab.
 - (3) Liquid leakage or anything attached to the defective product;
 - (4) Imperfections resulted from normal wear and use, including but not limited to scratches, dents etc;
 - (5) Damaged, modified or un-recognizable product serial number sticker
 - (6) Purchased software
 - (7) Defects resulted from force majeure events, including but not limited to acts of God, earthquake, flood;
 - (8) Incomplete charge resulted in product performance;
- 2.2 CipherLab shall not be bound by any unauthorized representation or warranty made by any other person, including but not limited to resellers, distributors, dealers, and employees of CipherLab.
- 2.3 CipherLab shall not be held liable for indirect, incidental or consequential damages, and shall not have liability exceed that actual amount paid for the defective product. In no event

shall CipherLab be held liable for damages incurred by resellers or their Buyer as a result of use of a product beyond its intended use.

2.4 In the event that CipherLab expressly offers other versions of warranty terms in written (“special warranty terms”), the special warranty terms shall prevail.

3 Extended Warranty

3.1 Extended Warranty is applicable to selected mobile computer categories (Appendix II) at the expense of Buyer.

3.2 Extended Warranty does not cover scan engine, decoder board, accessories and peripherals.

3.3 Extended Warranty is prolonged from Standard Warranty with the same coverage as stated in Clauses 1 and 2 of this warranty policy. One-year and two-year terms are at Buyer’s option. A full period of Extended Warranty is limited to 4 (four) years in total exclusive of the 1st year Standard Warranty.

3.4 Buyer must meet the engagement with CipherLab prior to expiration of the existing term.

(1) Buyer has to purchase one year to four- years Extended Warranty before the Standard Warranty expires.

(2) Buyer is eligible for renewal of the same term of Extended Warranty before it gets expired. Buyer can only renew one-year term with previous purchase of one-year Extended Warranty, and Buyer can only renew two-year term with previous purchase of two-year Extended Warranty.

(3) If Buyer fails to renew Extended Warranty by the due date, the warranty will be discontinued as it expires without a notice.

3.5 The defective product will be serviced and shipped back within 5 (five) working business days after the defective product is received by CipherLab service center.

3.6 Besides the additional terms and conditions above for extended warranty, the content of Clauses 1 and 2 of this warranty policy also applies for extended warranty.

4 Comprehensive Warranty

4.1 Comprehensive Warranty is applicable to selected mobile computer categories (Appendix III) at the expense of Buyer.

4.2 Comprehensive Warranty does not cover accessories and peripherals (Appendix I).

4.3 Comprehensive Warranty is a multiple-year service program. Three-year to five-year terms are at Buyer’s option. The aforementioned three-year to five-year terms are inclusive of the 1st year Standard Warranty. Buyer must purchase either program within 60 (sixty) days after the shipping date.

(1) By the expiration of Three-year Comprehensive Warranty, Buyer has an option to extend the service with additional one-year term at Buyer’s expense.

(2) A full period of continuous Comprehensive Warranty is limited to 5 (five) years in total inclusive of the first purchase of Comprehensive Warranty.

4.4 The defective product will be serviced and shipped back within 2 (two) working business days after the defective product is received by CipherLab service center.

- 4.5 The following items are also covered under comprehensive warranty during normal usage but not covered under standard and extended warranty. CipherLab reserves the right to judge and confirm the following items.
- (1) Damaged housings
 - (2) Cracked or broken displays
 - (3) Cracked or damaged dust window
 - (4) Cracked keypads
 - (5) Damaged stylus
 - (6) Damaged hand straps
 - (7) Damaged battery cover.
- 4.6 CipherLab will provide transportation between a CipherLab service center and Buyer.
- 4.7 Application load service should be included in an additional service contract if comprehensive warranty of more than 50 (fifty) pcs for the same product is purchased.
- 4.8 Besides the additional terms and conditions above for Comprehensive warranty, the content of Clauses 1 and 2 of this warranty policy also applies for Comprehensive warranty.

5 Premium with Comprehensive Warranty

5.1 ReMoCloud

- (1) This is a cloud-based web system, which enables IT management at a remote console to update and control employees' mobile devices without running about in the field.
- (2) ReMoCloud is applicable to all CipherLab GMS certified mobile computers
- (3) The mobile computers under a valid comprehensive warranty can be managed by ReMoCloud without any charges.

5.2 WheeCare

- (1) This service is applicable to all CipherLab AER certified mobile computers.
- (2) WheeCare represents CipherLab's promise to safeguard the devices and extend their life span. As long as the product is under a valid comprehensive warranty, the following services are offered free of charge. Related information will be announced whenever there is an update as the principle of practice.
 - 5.2.2.1 Quarterly update of security patches up to 5 years starting from the product launch registered with Google
 - 5.2.2.2 Software (firmware and utility) support up to 2 years after the end-of-life of the device
 - 5.2.2.3 OS upgrade of major versions subject to device specification and limiting factors

6 Product Repair Procedure

- 6.1 Buyer must have registered an account with CipherLab for repair and warranty services. A registration form must be filled up and returned to CipherLab to set up the account. CipherLab will reply to Buyer with Account ID and Password. The Account ID is unique and exclusive for each Buyer and the registration is required once for all, Buyer shall

safeguard the Account ID and Password.

- 6.2 Buyer logs in the E-RMA System of CipherLab at <http://e-rma.cipherlab.com.tw/Default.aspx> with the above registered credential and follows through instructions before sending a defective product back to CipherLab service center.
- 6.3 Buyer is responsible for software, configurations and data backup before the defective product is returned. CipherLab does not guarantee for keeping software, configuration and data during the maintenance.
- 6.4 Accessories, including but not limited to cables, batteries, batteries covers and power converters /adapters, are not required to ship back with the defective product unless they are defective themselves. All shipped items must be recorded in order in the E-RMA System, CipherLab will mark the status in the E-RMA System when the items are checked upon arrival.
- 6.5 Each RMA number is generated by CipherLab system automatically when Buyer files the case and is only valid for 45 days. Once it gets expired before CipherLab service center receives the defective product, the RMA number will be deleted automatically and Buyer has to file the case again for another valid RMA number.
- 6.6 Repaired products are shipped back to Buyer by the term agreed ahead. Please make sure the Buyer's information in the CipherLab E-RMA system is correct.

7 Notes

- 7.1 The CipherLab Warranty Policy as announced on CipherLab E-RMA System is the standard version. CipherLab reserves the right to modify, explain and state about the warranty terms and conditions. The notification will be announced on CipherLab E-RMA System if there's any modification.
- 7.2 This policy may be translated into different languages. However, the English version should be the standard and prevail the others whenever there is discrepancy in comprehension due to translation.

| | Battery* for AER-certified Product** | 12 (twelve) months | | | |
| | Battery* for Other Product | 3 (three) months | | | |
| | Power Converter | 3 (three) months | | | |
| | Power Adapter | 3 (three) months | | | |
| Cable | 3 (three) months | | | | |

Note:

* Batteries are warranted for manufacturing defects only. It is normal that battery performance degrades with each charging cycle. Extreme temperatures also worsen the degradation. It is true that battery life is greatly dependent upon user environments. Warranty will not apply to batteries with reduced capacity due to repetitive charging cycles, or operation at extreme temperatures.

** For the present, 12-month warranty is applicable to the batteries used on RK25,RS35, RS51, and RK95 series.
